

## SWEDEN REJECTED FAKE MODELS AND STUCK TO THE KNOWN SCIENCE

Sweden refused to listen to “modellers” who said it must lockdown and thus copy CCP’s approach (lockdowns were invented by Jinping personally). **It did exactly what our pandemic plans (including Victoria’s 10 March 2020 plan) says: no lockdowns or curfews, no international or other border closures, no quarantines, and no masks. Just voluntary social distancing and staying at home when sick – and caring for the elderly.**

Apart from not harming its citizens’ mental health its covid outcomes have been better than 25 other countries that imposed lockdowns. Data are also pouring in from all over the world that lockdowns kill.

**Australian governments have used fake, bogus models that predicted 150,000 would die. They refuse to look at real data.**

**WE’VE BEEN DUPED BY GOVERNMENTS AND MUST STOP THIS MADNESS THAT IS DESTROYING LIVES, HAPPINESS AND JOBS.**
