## CANDIDATE FOR THE FEDERAL SEAT OF MENZIES

I am contesting this seat to fight terrorism in the name of public health.

Australia's laws require a risk-based approach but Australia's politicians and "health officers" have abandoned proportionate actions. I resigned my job in the Victorian government Treasury in September 2020 to fight the Police State.

### IT IS NOT JUST DAN ANDREWS - SCOTT MORRISON IS DIRECTLY IMPLICATED

Dan Andrews could not have done what he did without the support of Scott Morrison – who has **betrayed Robert Menzies** and the liberal values he stood for.

Senior Liberal leader Alexander Downer said on 19 February 2021:

"The greatest danger for Australia is to keep pursuing this elimination strategy and, in the end, cause the collapse of the economy, massive social dislocation, depression, educational setbacks, and the collapse of small businesses left, right and centre."

Former Liberal Prime Minister Tony Abbott said on 8 December 2020:

"The job of leadership is to keep things in more perspective than we've been able to over this last nine months or so. In terms of virulence this pandemic is about on a par with the Hong Kong flu pandemic of the late 1960s and the Asian flu pandemic of the late 1950s and there was nothing like the economic and social reaction to those that we've had to this. We cannot have another a year like the year we've just lived through, which has been **corrosive of the human spirit, destructive of human liberties and disastrous for prosperity. Absolutely catastrophic.**

## THIS PANDEMIC IS NOWHERE IN THE LEAGUE OF THE SPANISH FLU

Sweden refused to listen to “modellers” who said it must lockdown and copy CCP’s approach (lockdowns were invented by Jinping personally and NEVER ever imposed in the entire human history before ).

**Sweden did exactly what our own pandemic plans (including Victoria’s 10 March 2020 plan) said:** no lockdowns or curfews, no international or other border closures, no quarantines, and no masks. Just voluntary social distancing and staying at home when sick – and caring for the elderly.

Apart from not harming its citizens’ mental health, Sweden’s covid outcomes have been better than at least 25 other countries that imposed harsh lockdowns. Data are pouring in from all over the world that lockdowns actually kill.

**Australian governments have made use of bogus models that predicted 150,000 would die.** They have refused to look at real data.

**WE’VE BEEN DUPED. OUR LIBERTIES HAVE BEEN DESTROYED UNNECESSARILY.**

**AUSTRALIA IS BEING MADE TO COMMIT NATIONAL SUICIDE.**
